

Honorarium for professors:

Just \$10 for UNC profs. Still \$25 for other speakers.

Stamps

No reason for paying for stamps vs. case-by-case justification. If needed, group should fundraise?

Art 13 Section 7 (finance and budget)—Clarify?

Banners, fund the first banner?

Only fund new org's first banner, up to \$75. If group needs replacement, should raise their own funds.

Fliers/advertising

If just UNC law school, should fund \$5 (100 fliers). If outside of UNC law premises, should be \$10. No more than \$10, unless extenuating circumstances.

Parking

Never cover it. Never ever.

DVAP development office account, conflict?

Advertising in DTH

Really, really rare. It's surprisingly expensive. "Know it when I see it" test. Burden of proof is on the organization to justify the need for having it in the DTH. Example, would permit for VITA, who is putting on a tax clinic and so the law student (VITA) population is benefitting from the "solicited clientele" that advertising brings in (funded \$148). And lack of other significant sources to publicize their services (unlike non-profits who already have websites promoting their services). Additionally, VITA's entire purpose is to put on this event.

Proposal: set a cap for "funding to solicit clientele"—example, \$100.

Conflicts of Interest among SBA members

Table.

Double-funding food when co-sponsoring events

Distinction. Can double-fund for food for students. May not double-fund for “speaker food” or speaker honorariums (because the cap for speakers is *for the speaker*, whereas the cap for student food is a cap *for the student organization*).

Food supplies within food allotment?

Today, included all food supplies (napkins)

Gas (transportation)

Vote today, voted to not fund gas for transportation to Winston-Salem (Lambda Power of Attorney clinic) Vote: 6-3. Will NOT fund people going out.

Re: fund people coming in? What about speaker travel? Propose setting a cap to fund speaker travel. Perhaps \$50-100. Hesitate setting this precedent. Put priority on supporting fundraising attempts to raise that money first. Proposed: \$50/speaker. This cap would include food/travel/gift.
