

9/12/06

CLPA emergency allocation request of \$65 for a general interest meeting approved

Budget Process:

1. Outside bank accounts

- how much money do you have in an outside account
- do you have the money earmarked for anything?
- should we mandate fundraising?
- should we demand the seed money back for fundraising? — yes, all in agreement. The deadline for the return of the money should be the next budget allocation
- should venture capital be a separate section of the budget, so that we know the money comes right back

2. Line Items

- journals, etc can address us and ask for money just like other orgs

3. Travel

- separate provisions instead of being a part of the general budget

Printing Policy

- the problem is fixed for orgs, but the individual problem is still at issue
- we'll be getting additional printers allocated for research (lexis and westlaw) and can be printed to from anywhere

1L primaries:

- All SBA Board members need to sit in the rotunda for an hour on the 21st

Fridge Cleanup:

Friday at 1pm
